## Family Therapy: The CRAFT Method

### Get your loved one into treatment!

De Paul Family Therapy creates the opportunity for healing the entire family and prepares family members for the shifting roles and responsibilities associated with recovery.

- Using a proven research based method, we know how to get loved ones into treatment AND help family members regain control of their lives!
- CRAFT research has shown that almost 7 out of 10 people who use the program get their substance user to enter treatment.<sup>1</sup>
- Works for adolescents AND adults!
